

MY SANCTIFICATION WORK PLAN

YOUR NAME:

DATE: / /

IDENTIFY THE JOB: Brand New Build or Existing Structure

ESTIMATE THE JOB: Describe in detail the anticipated work and cost.

ACCEPT THE JOB: Formalize the work's commencement by means of the church's practice of baptism, communion's covenant renewal, or by means of a significant moment of prayer (e.g., Daniel 9).

FELLOWSHIP THE JOB: Fellowship is the preferred New Testament word to describe our sharing in the life of Christ together in community. Just as on a construction job, you may require experts, extra laborers, sub-contracted skilled craftspersons, legal advisors, so does the believer need the fellowship of the Trinity and the Body of Christ in his/her sanctification work plan.

FINISH THE JOB: Put your foot on sin's neck, and look to the risen Christ for new life. Baptism is the moment where our sanctifying participation in the Christ event begins, and we live in the truth of our baptism everyday after.

FINALIZE THE COST: Estimates don't always reflect the final cost. Reflect on the cost.

ADMIRE THE WORK: Give thanks for grace, new life, and a new Lord.

LOOK FOR THE NEXT JOB: Don't starve sanctification.
(1) Use your experience to help another out of sin and into new life.
(2) Find the next way to participate in Christ's work in your own life.
